Where the Road Meets the Water

Lake Cumberland is the unrivaled "House-boating Capital of the World" with the largest rental fleet of houseboats anywhere. The lake's beauty is the reason, along with the secluded coves, waterfalls and the area's capacity for endless outdoor adventure. Millions come each year from all over the country to spend their vacation boating, fishing, camping or just relaxing in this near-perfect setting. Russell County is also home to popular attractions like Lake Cumberland State Resort Park and Wolf Creek Dam. State-records have been reeled in from the waters of, both, the lake and the Cumberland River. And, there are fantastic accommodations and vacation rentals all across the county — many with lake views — when it's finally time to, reluctantly, call it a day.
